

AGROCAL N

DESCRIPTION

Agrocal N is a liquid fertilizer for use in crops with high Calcium demands. Agrocal N offers essential nutrients including Calcium, Nitrogen, and a blend of chelated micro-elements.

PRODUCT FEATURES

- Agrocal N contains seven essential trace elements, chelated where possible, to provide a stable, readily available range of essential nutrients for rapid, healthy plant growth.
- Combined with the macro elements of calcium and nitrogen, this product is ideal for foliar or dripper application to a wide range of fast growing crops to maximize production.
- Agrocal N is specifically formulated for maximum plant availability and utilization.

APPLICATION RATES

| USE | PRODUCT | WATER | APPLICATION |
|----------------------|-------------------------|--------|---|
| Broadacre/ Cotton | 1-2L/Ha | 40+L | Early flowering and seed set. |
| Vegetables | 2-5L/Ha | 250+L | Apply as required. |
| Stone Fruit/ Pome | 2-5L/Ha | 250+L | First spray on leaf emergence and early flowering. |
| Nuts/Olives | 1-2L/Ha | 250+L | Apply at pre-flowering |
| Sub Tropicals | 2-5L/Ha | 600+L | Bud development and early flush. |
| Grape Vines | 1-3L/Ha | 200+L | Minimum of two pre-flowering sprays. |
| Citrus | 2-5L/Ha | 1000+L | Apply as required. |
| Turf | 200ml/100m ² | 100+L | Apply as required to correct deficiencies. |
| Volume Rate | 500ml/100L | 100+L | Volume Rate = Spray Volume x 0.5% product (500ml of product per 100 Ltrs of water). |

APPLICATION

All AgroBest nutrition products should be applied in conjunction with a specific nutrition program recommended by an AgroBest consultant based on soil/sap analysis. To improve efficiency and compatibility add AgroBest's Agro Chelate at 1:1000 to the tank first.

Avoid foliar application when ambient air temperature exceeds 35 degrees Celsius. Use higher rates for ground/irrigation applications. Rates can vary depending on crop, soil type, nutrient deficiency etc. Agrocal N can be soil applied using an irrigation system via trickle, dripper or mini sprinkler.

Agrocal N can also be foliar applied via boomspray, aerial or sprinkler, ensure sufficient water to cover leaves and fruit.

ANALYSIS

| Element | W/V | Element | Mg/L |
|-----------|---------|------------|------|
| Calcium | 19.00 % | Iron | 1500 |
| Nitrogen | 15.30 % | Molybdenum | 40 |
| Magnesium | 0.50 % | Manganese | 400 |
| Boron | 0.30 % | Copper | 200 |
| Sulphur | 0.22 % | Zinc | 1600 |

OTHER INFORMATION

This product may be mixed with some fertilizers and pesticides. Always check compatibility before tankmixing. Refer to AgroBest's compatibility chart for further information.

SIZES

Agrocal N is available in four sizes:
5 Litre, 20 Litre, 200 Litre, 1000 Litre
