

# AGRODEX CU

## DESCRIPTION

AgroDex Cu is a highly available naturally complexed element, formulated to rapidly correct and prevent deficiencies in a wide variety of crops and soils.

## PRODUCT FEATURES

- AgroDex Cu has a range of organic acids, which give the element a low molecular weight chelation ensuring the most effective penetration of the element to the functioning parts of the plant.
- AgroDex Cu contains a complex mixture of organic acids, partially hydrolyzed proteins and free amino acids.

## FUNCTION

Copper is required for the activation of plant enzymes, nitrate and carbohydrate metabolism and chlorophyll stability.

Copper is especially useful in its association with calcium uptake in tuber and fruit crops.

## APPLICATION RATES

USE	PRODUCT	WATER	APPLICATION
Broadacre, Cotton	1-2L/Ha	50L +	Early flowering and seed set.
Vegetables	1-3L/Ha	250L+	Apply as required.
Stone Fruit, Pome	1-2L/Ha	450l	First spray on leaf emergence and early flowering.
Nuts, Olives	1-2L/Ha	250+L	Apply at pre-flowering.
Sub Tropicals	1-2L/Ha	600L	Bud development and early flush.
Grape Vines	1-2L/Ha	450l	Minimum of two pre-flowering sprays.
Turf	200ml/100m <sup>2</sup>	100L	Apply as required to correct deficiencies.
Water Rate	200ml/100L	100+L	Volume Rate = Spray Volume x 0.5% product (500ml of product per 100L of water).

## APPLICATION

AgroDex Cu can be soil applied using an irrigation system via trickle, dripper or mini sprinkler. AgroDex Cu can also be foliar applied via boomspray, aerial or sprinkler, ensure sufficient water to cover leaves and fruit.

Foliar application should be avoided when ambient air temperature exceeds 35 degrees Celcius. All AgroBest nutrition products should be applied in conjunction with a specific nutrition program developed by an AgroBest consultant based on a soil analysis. Application rates vary depending on crop, soil type, level of nutrient deficiency etc.

## ANALYSIS

Element	W/V
Copper	5.0 %
Organic and Amino Acids	15.0 %

## OTHER INFORMATION

AgroDex Cu can be mixed with some liquid fertilizers and pesticides. To improve compatibility and chemical efficacy add AgroBest's Agro Chelate at 1:1000 (0.1%) to the tank first.

Always check for compatibility prior to tank mixing.

## SIZES

AgroDex Cu is available in four sizes  
5 Litre, 20 Litre, 200 Litre 1000 litre
