

# BROADHECTARE Zn

## DESCRIPTION

Broadhecture Zn is a chelated Zinc with additional vital trace elements, formulated together with a range of organic and amino acids ensuring a highly available and readily assimilated low molecular weight chelation.

## PRODUCT FEATURES

- Highest quality materials.
- Advanced technology, that utilises a complex process to combine a wide range of organic acids, resulting in enhanced foliar and root zone uptake and immediate availability throughout the plant.
- Formulated to rapidly correct and prevent deficiencies in a wide range of broadacre crops and soils across Australia.
- Also suitable for application as a nutrient seed dressing.

## APPLICATION RATES

USE	PRODUCT	WATER	APPLICATION
Cotton	1.5-3L/Ha	50+L	Early flowering and seed set.
Pastures	1.5-3L/Ha	50+L	Apply as required.
Cereals	1.5-3L/Ha	50+L	Apply early season, then 3 leaf to early tillering and later as required.
Legumes & Clovers	1.5-3L/Ha	50+L	Apply early season, as required.
Seed Dressing	4L/T		Total Fluid Volume 8 to 12 Litres

## APPLICATION

All AgroBest nutrition products should be applied in conjunction with a specific nutrition program recommended by an AgroBest consultant based on soil/sap analysis. To improve efficiency and compatibility add AgroBest's Agro Chelate at 1:1000 to the tank first. Avoid foliar application when ambient air temperature exceeds 35 degrees Celsius.

Use higher rates for ground/irrigation applications. Rates can vary depending on crop, soil type, nutrient deficiency etc. This product can be soil applied using an irrigation system via trickle, dripper or mini sprinkler. This product can also be foliar applied via boomspray, aerial or sprinkler, ensure sufficient water to cover leaves and fruit.

## ANALYSIS

Element	W/W	Element	Mg/L
Zinc (Zn)	10%	Cobalt	250
Organic Acids	10%	Molybdate	66
Sulphur (S)	5.2%		

## COMPATIBILITY

This product may be mixed with some fertilizers and pesticides. Ensure all product labels are read carefully. Refer to AgroBest compatibility chart for further information.

Always check for compatibility prior to tank mixing. Agitate well before use. Store in a cool, dry place.

## SIZES

Broadhecture Zn is available in three sizes:  
20 Litre, 200 Litre, 1000 Litre
