

AGRO K45

DESCRIPTION

Agro K45 is a highly concentrated liquid potassium in combination with organic and amino acids for fast uptake and translocation for improving colour, size, ripening and quality.

PRODUCT FEATURES

- Agro K45 is recommended for use on cotton at peak potassium demand periods, flowering and boll filling.
- Agro K45 is a highly concentrated formulation, ideally suited to fertigation mid to late season, to promote development of fruit and vegetables.
- Organic and amino acids has been added to aid the uptake and assimilation of potassium through the roots and leaf. Nitrate & Chloride free.
- Agro K45 improves translocation, respiration and protein formation.

APPLICATION RATES

USE	PRODUCT RATE	WATER	APPLICATION
Broadacre	2-4 L	50 + L	Use as required to correct deficiencies and/or assist in improving development and finishing of fruit
Cotton	5-12 L	20 + L	Use as required to correct deficiencies and/or assist in improving development and finishing of fruit.
Vines	2-3 L	200 + L	Use as at fruit set or as required to correct deficiencies
Stonefruit/ Citrus/ Pome	2-4 L	250 + L	Commence at fruit set, repeat as required at approx 7 to 14 days.
Vegetables	2-4 L	250 + L	Commence at filling, to ripening every 7 to 14 days or as required
Strawberries	3-5 L	250 + L	Commence at flowering, every 7 to 14 days or as required.
Volume Rate	500mL/ 100L	100 L	Volume Rate = Spray Volume x 0.5% Product. 500mL of Product/100L of water.

APPLICATION

All AgroBest nutrition products should be applied in conjunction with a specific nutrition program recommended by an AgroBest consultant based on soil/sap analysis. To improve efficiency and compatibility add Agro Chelate at 1:1000 to the tank first. Avoid foliar application when ambient air temperature exceeds 35 degrees Celsius.

Use higher rates for ground and irrigation applications. Rates can vary depending on crop, soil type, nutrient deficiency etc. Agro K45 can be soil applied using an irrigation system via trickle, dripper or mini sprinkler. Agro K45 can also be foliar applied via boomspray, aerial or sprinkler. Use sufficient water to cover leaves and fruit.

ANALYSIS

ELEMENT	W/V
Potassium	45 %
Organic and Amino Acids	3 %

OTHER APPLICATION

This product may be mixed with some fertilizers and pesticides. Ensure all product labels are read carefully. Always check compatibility prior to tank mixing.

SIZES

Agro K45 is available in four sizes:

5 Litre, 20 Litre, 200 Litre, 1000 Litre
