

# KICKSTART BIO 25

## DESCRIPTION

Kickstart Bio 25 is a soil applied starter with a balanced blend of Nitrogen, Phosphorus and Potassium, a comprehensive range of micronutrient elements and a humic based biological soil ameliorant for enhanced root development and nutrient uptake. Kickstart Bio 25 is a fertilizer specifically formulated for vigorous healthy growth during the early establishment of the plant.

## PRODUCT FEATURES

- Ingredients are of the highest purity and quality.
- Kickstart Bio 25 has a unique fermented humic base which contains proteins, carbohydrates, vitamins and amino acids.
- Contains natural growth promotants which stimulate root and plant development.
- Ideal soil applied starter for addition to basal granular.
- The micronutrients and NPK are rapidly absorbed into the plant and with the assistance of the humic base and natural acids where they are quickly translocated throughout the plant.

## ANALYSIS

ELEMENT	W/V
Nitrogen	7.5 %
Phosphorus	7.1 %
Potassium	2.01 %
Sulphur	5.86 %
Magnesium	1.27 %
Zinc	3.25 %
Iron	0.19 %

ELEMENT	W/V
Copper	0.20 %
Manganese	0.87 %
Boron	0.46 %
Molybdenum	0.03 %
Cobalt	0.01 %
Humic Base	25 %

## APPLICATION

When mixed with fungicides, agitate solution continuously to keep in suspension. Super Seedtreat can be readily applied by seed dressing machines. Small quantities of cleaned seed can be coated by mixing thoroughly by hand, or in concrete mixer. Larger quintiles can be effectively coated through an auger.

## APPLICATION RATES

USE	PRODUCT	APPLICATION
Cotton	8L/Ha	Apply in furrow at planting using 30 - 100 litres of water per hectare
Maize, Soybean, sorghum		
Navy bean, Mung bean		
Cereals, Canola		
Leafy, tuber Vegetables	10L/Ha	Apply at planting in furrow or thru dripper immediately after plant
Turf	3L/1000m <sup>2</sup>	Apply as required by irrigation
Volume Rate	1L/100L water	For application over foliage

## OTHER APPLICATION

Application rates vary depending on crop, soil type, level of nutrient deficiency etc. Can be mixed with and pesticides. A check for compatibility prior to tank mixing is required.

**Keep out of reach of children.**

**Shake well before use.**

## SIZES

Kickstart Bio 25 is available in four sizes:

5 Litre, 20 Litre, 200 Litre, 1000 Litre
