

# BROADHECTARE Mn

## DESCRIPTION

Broadhecture Mn is a chelated Manganese solution with additional essential trace elements, formulated together with a range of organic and amino acids ensuring a highly available and readily assimilated low molecular weight chelation. Quickly and effectively corrects deficiencies to increase growth and yields.

## PRODUCT FEATURES

- Highest quality materials.
- Advanced technology, that utilizes a complex process to combine a wide range of organic acids, resulting in enhanced foliar and root zone uptake and immediate availability throughout the plant.
- Formulated to rapidly correct and prevent deficiencies in a wide range of broadacre crops and soils across Australia.
- Suitable for application as a nutrient seed dressing.

## APPLICATION RATES

USE	PRODUCT	WATER	APPLICATION
Cotton	3-5L/Ha	50+L	Early flowering and seed set.
Maize/ sorghum	3l/ha	50l	Mid season as required
Pastures	3-5L/Ha	50+L	Apply as required.
Cereals	3-5L/Ha	50+L	Early to mid season as required.
Legumes	3-5L/Ha	50+L	Apply as required.
Seed Dressing	4-8L/T		Total Fluid Volume 8 to 12 litres.

## APPLICATION

All AgroBest nutrition products should be applied in conjunction with a specific nutrition program developed by an AgroBest consultant based on a soil/sap analysis. Foliar applications should be avoided when ambient air temperatures exceeds 35 degrees Celsius.

To improve efficiency and compatibility add AgroBest's Agro Chelate at 1:1000 to tank first. Use higher rates for ground/irrigation applications. Rates can vary depending on crop, soil type, nutrient deficiency etc.

This product can be soil applied using an irrigation system via trickle, dripper or mini sprinkler. This product can also be foliar applied via boomspray, aerial or sprinkler with sufficient water to cover leaves.

## ANALYSIS

Element	W/V	Element	Mg/L
Manganese	8.0 %	Cobalt	250
Organic Acids	10.0 %	Molybdate	66

## OTHER INFORMATION

This product can be mixed with some fertilizers and pesticides. Ensure all product labels are read carefully.

Refer to AgroBest's Compatibility Chart for further information.

A check for compatibility prior to tank mixing is essential. Agitate well before use. Store in a cool dry place.

## SIZES

Broadhecture Mn is available in three sizes:  
20 Litre, 200 Litre, 1000 Litre
