- Shows application of product and timing
- ○ Shows two applications of product during this growth period.

## NOTES

- Beyond Foliar 3-10-15 contains trace elements for a balanced foliar spray.
- Calcium and Magnesium may be required. If so Agrodex CaB and / or Agrodex Mg.
- Adjust plant food rates according to plant vigor and analysis results.

This program is designed to augment a soil fertility program and is offered as a guide only and dependant on growing conditions i.e. soil, climate, disease etc. Observe correct spray procedures as factors such as temperature, humidity, water rates can effect results. Always check compatibility before mixing products. Grower assumes all responsibility. Tissue analysis should be sought to monitor nutrient status.
