

BROADHECTARE ZBCM

DESCRIPTION

BROADHECTARE ZBCM is a chelated blend of Zinc, Boron, Copper, Moly and Cobalt. Formulated together with a range of organic and amino acids ensures a highly available and readily assimilated low molecular weight chelation. Where essential traces are lacking, BROADHECTARE ZBCM can quickly and effectively correct zinc deficiencies and top up to meet boron, copper, moly and cobalt requirements.

The premium combination provides essential trace elements to aid many crucial plant functions including biochemical reactions and activation of enzymes which are important for early plant growth and vigor. Encourages photosynthesis, stress mitigation, growth of pollen tubes resulting in potential yield increase.

PRODUCT FEATURES

- Highest quality materials.
- Advanced technology, that utilizes a complex process to combine a wide range of organic acids, resulting in enhanced foliar and root zone uptake and immediate availability throughout the plant.
- Formulated to rapidly correct and prevent deficiencies in a wide range of Broadacre crops and soils across Australia.

APPLICATION RATES

USE	PRODUCT	WATER	APPLICATION
Cotton	1 - 3L/Ha	50+L	Early flowering and seed set.
Pastures	1 - 3L/Ha	50+L	Apply as required.
Cereals	1 - 3L/Ha	50+L	Apply early season, then 3 leaf to early tillering and later as required.
Legumes & Clovers	1 - 3L/Ha	50+L	Apply early season, as required.
Seed Dressing	4L/T		Total Fluid Volume 8 to 12 Litres

APPLICATION

All AgroBest nutrition products should be applied in conjunction with a specific nutrition program developed by an AgroBest consultant based on a soil/sap analysis. Foliar applications should be avoided when ambient air temperatures exceeds 35 degrees Celsius. To improve efficiency and compatibility add AgroBest's Agro Chelate at 1:1000 to tank first.

Use higher rates for ground/irrigation applications. Rates can vary depending on crop, soil type, nutrient deficiency etc. This product can be soil applied using an irrigation system via trickle, dripper or mini sprinkler. This product can also be foliar applied via boom spray, aerial or sprinkler with sufficient water to cover leaves and fruit.

ANALYSIS

ANALYSIS	%w/v Aust.	%w/w Int.
Zinc as Sulphate	9	6.43
Copper as Sulphate	0.5	0.36
Boron	0.5	0.36
Molybdenum	0.05	0.036

PRODUCT CHARACTERISTICS

COLOUR Aqua
S.G. 1.4
pH 2.5 - 3

COMPATIBILITY

This product may be mixed with some fertilizers and pesticides. Ensure all product labels are read carefully. Refer to AgroBest compatibility chart for further information. Always check for compatibility prior to tank mixing. Agitate well before use. Store in a cool, dry place.

SIZES

Broadhectare ZBCM is available in the following sizes: 20 Litre, 200 Litre, 1000 Litre and Bulk
